

TURN TO STARBOARD

THE FORCES' SAILING CHARITY

SPIRIT OF FALMOUTH REPLACEMENT MASTS

Turn to Starboard are very proud to have our Tall Ship '*Spirit of Falmouth*' as our flag ship. She is a beautiful vessel and she attracts attention and publicity for our charity wherever she goes. She is used extensively to sail UK Forces Veterans, especially on expeditions. She has just returned from a 7 week trip to the far north of Scotland and Liverpool.

During some routine maintenance work in November 2023, rot was discovered in her main mast. Upon further investigation, the foremast and topmast were also found to need major repairs. The main, top and fore masts were all condemned by our surveyor and it was decided that full replacement was the best course of action.

The total replacement cost was £62,148.

We were very grateful to receive a donation of £2,000 from the Worshipful Company of Shipwrights to support the repairs.

Many thanks and very best wishes
Ellen Przybylska
